King Coconut Water

Unveil the story of King Coconut and its exclusive origin in the tropical paradise of Sri Lanka. Set the stage for a unique hydration experience.

Discover the Healthful Wonders of King Coconut Water

Natural Energy Boost:

King Coconut Water provides a quick and easily digestible source of energy, making it a great option for post-workout recovery or an energy boost during the day.

Potassium Content:

King Coconut Water is known for its high potassium content. Potassium helps regulate blood pressure, support muscle contractions, and promote overall heart health.

Low in Calories:

Coconut Water is a low-calorie beverage option compared to sugary sodas or other sweetened drinks, making it suitable for those watching their calorie intake.

Rich in Nutrients:

King Coconut Water contains essential vitamins and minerals such as vitamin C, calcium, and magnesium, which contribute to immune system support, bone health, and muscle function.

Digestive Health:

King Coconut Water may have natural enzymes that support digestion and promote a healthy gut.

Skin Benefits:

The vitamins and antioxidants present in King Coconut Water can contribute to healthy skin by promoting hydration and supporting skin elasticity.

Natural Source:

King Coconut Water is sourced directly from natural fruit, without additives or artificial ingredients, making it pure and wholesome choice. NO added sugar,

Post Work-out recovery:

Elevate your fitness recovery by incorporating the harmonious blend of hydration, electrolytes, and nutrients found in King Coconut Water.

Cocktail and Mocktail Mixture:

Upgrade your cocktails and mocktails with our unique mix – a perfect blend for Vodka and Rum, adding a touch of magic to your drinks.

Hangover Relief:

Say goodbye to your hangover and embark on a fresh start with the re-energize blend of King Coconut Water.

Green Coconut

Less water more meat inside

Nature designed to be used for cooking , producing milk and cream

More common globally, easier to obtain

Thicker husks\ shell- used for fossil fuels and rope making

Different brands add sugar/ fructose / sodium to supplement taste

Most green coconut farming and related products are not organic

King Coconut

Naturally designed for drinking purposes

Harvested in Sri Lanka's tropical climate

Roots go back to Ayurvedic medicine

Only coconut that contains iron and twice as much magnesium as green coconut

Unique and striking orange color

Natural sweet taste with an average of 35% less sugar compared to green

Water is naturally sterile and can be used as a substitute for human blood plasma

Grown with sustainable practices and 100% organic

King Coconut Water is a natural and refreshing source of hydration, containing electrolytes like potassium, sodium, and magnesium, which help replenish fluids and maintain proper bodily functions, fluid balance, supporting nerve and muscle function, and preventing dehydration.
